

Bergmann A, Taylor U, Rath D: Flow-cytometric evaluation of lectin binding moieties on porcine uterine epithelial cells. 16. Annual ESDAR Conference, Dublin, Ireland, 29.08.-01.09.2012

Bergmann A, Taylor U, Rath D: Interactions of spermatozoa and uterine epithelial cells in the pig: a cell culture study. 17th Int. Congress on Animal Reproduction (ICAR), Vancouver, Canada, 29.07.-02.08.2012

Grossfeld R, Dobson H, Strothmeyer M, Rath D: Low-dosage intra-fallopian-transfer of sex-sorted sperm in cattle (SIFT). 16. Annual ESDAR Conference, Dublin, Ireland, 29.08.-01.09.2012

Heinzmann J, Bernal SM, Lucas-Hahn A, Diederich M, Barg-Kues B, Timmermann B, Niemann H: Effects of different in vitro maturation systems on bovine embryo development. 7th Workshop on Mammalian Folliculogenesis and Oogenesis, Stresa, Italy, 19.-21.04.2012

Hochberger J, Kruse E, Köhler P, Wedi E: Successful mucosal transplantation from stomach to esophagus for stricture prevention after widespread circular endoscopic submucosal dissection (ESD) for early esophageal squamous cell carcinoma – report of a first case in man April 13, 2011 after preliminary animal experiments in the pig. Digestive Disease Week 2012, San Diego, USA, 19.-22.05.2012

Kues WA: Generation of porcine iPS cells and transgenic pigs by Sleeping Beauty transposition. LIFE Workshop, Copenhagen, Denmark, 06.03.2012

Niemann H: Cloning: Current legislation and practical applications. 16th Annual Conference of the European Society of Domestic Animal Reproduction (ESDAR), Dublin, Ireland, 29.08.-01.09.2012 (invited lecture)

Niemann H: Novel technologies for the generation of genetically engineered animals. XENOME Meeting, Padua, Italy, 01.-04.04.2012

Petkov S: Progress towards the derivation of porcine induced pluripotent stem cells using Sleeping Beauty transposon vectors. 38th Annual Conference of the IETS, Phoenix, Arizona, USA, 07.-10.01.2012

Rasmussen MA, Hall VJ, Petkov SG, Ujhelly O, Purity M, Dinnyes A, Niemann H, Hyttel P: Reprogramming of porcine neural progenitor cells to induced pluripotent stem cell-like cells. 38th Annual Conference of the IETS, Phoenix, Arizona, USA, 07.-10.01.2012

Rath D: Bovine andrology and sperm sorting. Summer School “Reproduction in Ruminated”, Split, Croatia, 09.-18.07.2012 (invited lecture)

Taylor U: Impact of metal nanoparticles on germ cell viability and functionality. 17th Int. Congress on Animal Reproduction (ICAR), Vancouver, Canada, 29.07.-02.08.2012 (invited lecture)
